### AN IMPORTANT CO-OP UPDATE

We're excited to share an important update about a recent investment in our operations that will strengthen our ability to serve you, our member-owners, both now and in the future.

We are expanding our warehouse capabilities to consolidate all outbound product into a single, more efficient facility, with an expected go-live date of July 1, 2026. This project marks a meaningful step forward in how we manage inventory, fulfill orders, and support your needs.

As with any major operational change, there may be some temporary interruptions in service during the transition period. While we have contingency plans in place, including maintaining operations at our Norway, IA headquarters, we want to be transparent as we work through this transition. During this period, there will be a temporary pause on new item launches in June and July. We expect to resume new product introductions in August. Our team is committed to minimizing disruption and will keep you informed along the way.

Once complete, this investment will deliver several important benefits to customers, including:

- **Improved product availability and in-stock rates**
- **Enhanced packaging quality, including the elimination of packing peanuts**
- **More efficient packaging processes that reduce waste and support our sustainability goals**

Beyond operational benefits, this project reflects our strong commitment to rural Iowa. By expanding our presence in nearby Belle Plaine, IA, we are creating jobs and investing in communities where opportunities are needed most.

We appreciate your patience and partnership as we make this transition. These changes are designed with you in mind, and we're confident they will result in a stronger, more reliable experience for our members.

If you have any questions, please don't hesitate to reach out to our customer care team.

Warm Regards,  
 Tony Bedard  
 CEO, Frontier Co-op
